# Executive Summary

*AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)*

## 1. Introduction

The City of Bellingham approved the 2013-2017 Consolidated Plan on November 5, 2012 (Resolution No. 2012-30). Since its adoption, the following has occurred:

- On July 26, 2013, the U.S. Department of Housing and Urban Development ("HUD") approved the Consolidated Plan and 2013 Action Plan.
- On December 2, 2013, HUD approved the city's change in the federal CDBG and HOME program year from January 1 through December 31 to July 1 through June 30.
- On May 5, 2014, the 2014 Action Plan was approved by City Council (Resolution 2014-17)
- On February 9, 2015, the 2014 Action Plan was amended (Resolution 2015-02)

This is the third year under the 2013-2017 Consolidated Plan. New activities selected for funding in the 2015 Action Plan were based on solicitation of proposals. Funding sources for these activities included federal HOME and CDBG funds, as well as local City funds (2012 Housing Levy and General Fund).

Specifically, the City sought applications for the following:

- **Rental (Multifamily) Production Program** - released December 15, 2014, with applications received by January 20, 2015; three applications received.
- **Multifamily Housing Preservation** - released December 15, 2014, with applications received by January 20, 2015; two applications received.
- **Infill Demonstration Toolkit** - released December 15, 2014 with applications received by March 9, 2015; no applications received
- **Public Facilities and Improvements** - released on February 4, 2015, with applications received by March 9, 2015; three applications received.
- **Housing Services** - released on February 4, 2015, with applications received by March 9, 2015; Nine applications were received.
- **Human and Social Services** - released on February 4, 2015, with applications received by March 9, 2015; Twenty-four applications were received.

Several existing commitments from 2013 and 2014 are carried forward, including homebuyer program, public facility improvements, preservation and rehabilitation projects, new rental housing development and tenant-based rental assistance.

## 2. Summarize the objectives and outcomes identified in the Plan

*New Project Funding:* Funds were allocated to several new projects.

- Three new Public Facility and Improvement projects would assist in creating a dental clinic for low-income persons, create a new family resource center in a low-income neighborhood, and make improvements to a neighborhood center in another low-income neighborhood.
- Another project would make repairs and help pay other expenses for an emergency shelter for victims of domestic violence.
- Two new housing projects are allocated HOME funds for seniors and young adults; both projects are being developed or sponsored by Community Housing Development Organizations (CHDO), and are both considered eligible for those funds.

- Twenty-four public service activities received funding assistance with CDBG funds allocated to six of those activities, of which four provide housing services and two provide case management and support services.

*Carryover and Continuing Projects:* Activities funded prior to 2015, or ongoing programs, are included in the 2015 Action Plan. These activities include Kulshan homebuyer program, three Public Facility and Improvement projects (Interfaith Clinic, Opportunity Council and Brigid Collins improvements), one housing preservation activities (Dorothy Place), two production projects (Cornwall Housing and 22 North), and the remaining balance of the tenant-based rental assistance program.

Activities funded in previous years, with additional funds awarded in 2015, include the tenant-based rental assistance (TBRA) to help house families facing homelessness and the city's homeowner rehabilitation program.

*Contingency Projects:* In the event that appropriations are greater or less than anticipated, or planned activities are cancelled, the following activities are used as contingencies: Tenant Based Rental Assistance (HOME), Housing Rehabilitation (CDBG and/or HOME), Kulshan Homebuyer Program (CDBG and/or HOME), and Public Facilities and Improvements Program (CDBG). In addition, two new rental housing projects are being sponsored or developed by certified Community Housing Development Organizations (CHDOs): Opportunity Council and Mercy Housing Northwest. Either CHDO might be allocated CHDO funds.

### **3. Evaluation of past performance**

This is the third year of the 2013-2017 Consolidated Plan. The City completed the first performance evaluation report on September 30, 2014 for the 2013 Action Plan. The report showed good progress towards goals:

- 48% of the Production of Rental Housing Goals had contract commitments by the end of 2013, with 4% completed and occupied.
- 24% of the Preservation of Housing Goals had been committed by the end of 2013.
- 55% of the Homebuyer Goals had been committed by the end of 2013.
- Filling gap in basic needs exceeded the goal by 3,307% in 2013. Consideration should be given to recalibrating the goal.
- 33% of the Rental Assistance, HIV/AIDS and Public Service Goals had been committed by the end of 2013.

While some projects are delayed, this is common and goals appear to be on target to be reached.

### **4. Summary of Citizen Participation Process and consultation process**

The public consultation process for the 2015 Action Plan included a 30-day public comment period, and a public hearing before the Community Development Advisory Board. The public was invited to comment on the Action plan during the written comment period, which was scheduled from March 11, 2015 through April 9, 2015. The applicants, along with any interested citizens, were then provided with the opportunity to speak on the priorities to be considered in the 2014 Action Plan at the March 16, 2015 public hearing.

The display ad providing notice of the public hearing and plan amendment was published in the Bellingham Herald on March 1, 2015.

#### **5. Summary of public comments**

Public comments were received primarily from agencies, or their advocates, seeking an allocation of funds for their program.

#### **6. Summary of comments or views not accepted and the reasons for not accepting them**

The City followed a public evaluation and ranking process for allocation of funds. While comments or views were not rejected, in some cases the results of the evaluation and ranking put projects, which the public supported, below the funding cutoff line.

#### **7. Summary**

The 2015 Action Plan is intended to implement the priorities and strategies set forth in the 2013-2017 Consolidated Plan.

## ***AP-10 Consultation – 91.100, 91.200(b), 91.215(l)***

The City of Bellingham works in partnership with other agencies, nonprofit organizations, the public housing authority and other citizens and stakeholders to identify the needs for affordable housing, community development and homelessness. These needs are documented in the 2013-2017 Consolidated Plan. Based on these needs, the Consolidated Plan consultation process included setting priorities based on the financial resources available through HUD and local resources.

The consultation process for an Annual Action Plan is to align resources with the goals and strategies outlined in the Consolidated Plan. The City provided an opportunity for agencies and nonprofits to submit proposals for funding assistance that would work to implement the goals and strategies of the 2013-2017 Consolidated Plan. A 30-day process to accept proposals resulted in numerous activities.

Funding requests exceeded the amount of anticipated resources in most categories. Where additional resources are available, it is within the City's local Housing Levy. CDBG and HOME grants, including program income, are fully allocated in this 2015 Action Plan.

### **Enhancing Coordination**

The public and assisted housing providers, as well as the governmental health, mental health and service agencies, have close working relationships in Bellingham and Whatcom County. The Whatcom County Health Department is the lead agency for both homeless housing, as well as public health, mental health and veteran's needs in our community. The City is an active member of the Whatcom County Homeless Steering Committee and Coalition, as well as a member of the Whatcom County Housing Advisory Committee. The city's Community Development Advisory Board includes membership that represents housing and social service providers, including a representative of the Housing Authority.

### **Continuum of Care**

Whatcom County is the lead agency for the Continuum of Care and the Plan to End Homelessness. The Whatcom Homeless Service Center is the coordinating entity for homelessness, including a single point of entry. The City has incorporated the goals, strategies, activities and outcomes for addressing homeless persons in our community into the plan, ensuring consistency in policies and efforts.

The City has coordinated with Whatcom County and has incorporated their goals, strategies, activities and outcomes in the Consolidated Plan. The City helps fund the Whatcom Homeless Service Center, which administers the HMIS system for the community.

### **Participating agencies, groups, organizations and others**

More than fifty agencies and organization, plus more than 25 individuals, were contacted to provide them with an advance opportunity to know that applications for funding assistance to implement the 2013-2017 Consolidated Plan were being accepted.

## Expected Resources

### AP-15 Expected Resources – 91.220(c) (1, 2)

HUD's 2015 allocation to the City of Bellingham was reduced by \$106,848 from the 2014 allocation. Of that reduction, CDBG was reduced \$19,239 and HOME reduced by \$87,609.

Table 5 - Expected Resources – Priority Table

**Federal Funds / Additional Resources**

In 2013, for every dollar of federal funds the City allocated, another \$2.94 in non-federal funds were leveraged. Human (public) service grants leverage considerable funding from non-federal sources, tapping into the local commitment of nonprofit agencies delivering critical services to our community.

The new activities awarded federal and city funds are estimated to leverage \$8.14 for every \$1 of City/HUD funds provided.

City funding for most housing projects most often includes other funds to complete a project. Nonprofit housing developers have been successful in obtaining Washington State Housing Trust Fund allocations and Low Income Housing Tax Credit investments. The City's funding has been successful at leveraging significant non-federal sources.

In 2012, Bellingham voters approved a Housing Levy that assesses \$3 million per year to address housing development/preservation and housing services. These funds are used to help support capital costs, rent and services for some federally funded projects, thus contributing to the matching requirements.

**Discussion**

The City passed a Housing Levy at the completion of the Consolidated Plan process. The levy will provide \$3 million annually for seven years, and will address increasing the housing supply, preservation of housing, rental assistance and housing supportive services. The needs, priorities and strategies of the Consolidated Plan will be assisted by these additional resources in the community.

	<b>Goal Description</b>	This goal is implemented through the City's Housing Preservation program.

Table 7 – Goal Descriptions

Projects which would provide affordable housing are as follows:

Moderate-income - 19 households

Low-income - 117 households

Extremely low-income - 115 households

## **AP-35 Projects – 91.220(d)**

The 2015 Action Plan includes a continuation of existing activities, renewal of ongoing activities, and new projects. Three new Public Facility and Improvement projects would assist in creating a dental clinic for low-income persons, create a new family resource center in a low-income neighborhood, and make improvements to a neighborhood center in another low-income neighborhood. Another project would make repairs and help pay other expenses for an emergency shelter for victims of domestic violence.

Two new housing projects are allocated HOME funds for seniors and young adults; both projects are being developed or sponsored by Community Housing Development Organizations (CHDO), and are both considered eligible for those funds.

In 2015, the City solicited new proposals for public service activities. CDBG funds are allocated for six activities, of which four provide housing services and two provide case management and support services. With City Housing Levy and General Funds, there are 24 different activities provided funding assistance.

### **Discussion**

The local housing levy has allowed the City to create substantial new opportunities.

## ***AP-60 Public Housing – 91.220(h)***

The Bellingham Housing Authority provides public housing and affordable housing in Bellingham. The Housing Authority has been very innovative with projects and has met the needs of the community.

### **Action to address Public Housing Needs**

The City will continue to work with the Bellingham Housing Authority to address their needs.

1. The City will continue to support the Bellingham Housing Authority's program to involve residents in the management of the Housing Authority and their property.
2. The City will provide information to public housing residents about homeownership opportunities sponsored by the City.
3. The City will provide Fair Housing information to public housing residents.
4. The City will encourage the Housing Authority to provide information about homeownership opportunities to public housing residents.

The City is fortunate to have a well-managed public housing authority. The City will work to support their efforts to meet the needs of their residents, whether in their inventory of public housing or their multifamily (tax credit) projects.

## ***AP-65 Homeless and Other Special Needs Activities – 91.220(i)***

The Homeless Service Center (HSC), a program of the Opportunity Council (OC), operates a centralized and coordinating homeless housing service center that serves the homeless population in the City of Bellingham. This Center serves as a hub for all homeless housing related activity in the community, including the coordination of homeless housing service providers and the management of the local homeless management information system (HMIS) by operating a single-point of entry.

### **One-Year Goals and Actions for Reducing & Ending Homelessness**

People who are homeless or at risk of becoming homeless enter the housing system and are assigned case management from an array of partnering, non-profit housing agencies. Housing counseling and advocacy become a significant part of the case management support provided. More general counseling and advocacy services are also available to low-income people at the Community Resource Center of the OC which offers information and referral services to help people seeking a variety of services in addition to housing services. Bellingham has a variety of outreach services targeting the homeless population. Starting in 2015, the City funded a Homeless Outreach Team using 2012 Housing Levy funds; the City contracted with the Opportunity Council for these services. Additional outreach services include: Hope House, a volunteer team that operates out of a program of Catholic Community Services, Homeless Disability Benefits Advocacy Program, Drop-In Centers run by Lighthouse Mission and Whatcom Counseling and Psychiatric Clinic (WCPC), a WCPC Mobile Outreach Team, a PATH Program worker, SeaMar Homeless Outreach, and several meal programs. SeaMar Community Health Clinic provides on-site medical care services at the Lighthouse Mission Drop In Center one day per week. The Project Homeless Connect event brings in mobile dental clinics once a year for homeless and low-income people to receive free dental services. Seasonal mobile vaccine clinics are services provided by the Health Dept. for low-income residents. Homeless people are targeted through their provider networks and at the Lighthouse Mission Drop-In Center.

## Emergency Shelter / Transitional Housing

The City's strategy on homelessness encourages rapid rehousing of those that are homeless and targeted prevention for those that are at risk of becoming homeless. The City supports existing emergency shelter and transitional housing in the community through the city's public (human) service grant program.

## Helping homeless persons make the transition to permanent housing and independent living

The HSC administers rental subsidies (local funds) to homeless and at-risk households and matches the subsidy with case management support provided by one of several partnering, nonprofit housing agencies. Families with children, youth, and veteran households are among the populations that are supported by rental subsidies and case management. Additionally, the HSC administers Supportive Housing Program (SHP) subsidies to people who are chronically homeless. HSC also operates the Rapid Rehousing Demonstration program for families with moderate housing barriers who are homeless, including survivors of domestic violence. OC and HSC also administer the Supportive Services for Veteran Families program that offers temporary financial assistance and case management to homeless and at-risk veteran households. The following are just some of the programs and employment and job training programs that serve people who are homeless in Bellingham: WorkSource One-Stop Center, OC employment specialist, Lake Whatcom Treatment Center and Whatcom Counseling and Psychiatric Center employment specialists, Community Jobs, Northwest Youth Services jobs training, and Department of Vocational Rehabilitation.

## Helping low-income individuals and families avoid becoming homeless

The HSC helps to coordinate housing placements for people re-entering the community from institutions, and implements a housing program for people on State disability assistance. Pioneer Human Services operates a 37-unit apartment (City Gate) that includes units for offenders re-entering from jail, as well as units for veterans.

## Discussion

Bellingham's plans to end homelessness are models for the state and nation. In the past several years, with additional funding, the community has shown that it can have a significant effect on the number of homeless people in our community. Targeted outreach to veterans from Whatcom County, the Homeless Service Center and others has led to dramatic reductions in veterans that are homeless. The most significant barrier to accomplishing the goal to end homelessness in the community is funding.

<b>One year goals for the number of households to be provided housing through the use of HOPWA for:</b>
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family
Tenant-based rental assistance
Units provided in housing facilities (transitional or permanent) that are being developed, leased, or operated
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds

## ***AP-75 Barriers to affordable housing – 91.220(j)***

In 2007, Whatcom County and the City of Bellingham appointed sixteen community members to a Countywide Housing Affordability Task Force (CHAT). The purpose of CHAT was to review and develop policies and strategies to meet countywide affordable housing goals. Three of CHAT's six goals addressed strategies to remove barriers to affordable housing: 1) Create a housing trust fund; 2) Strive to reduce land and building costs; and 3) Provide incentives for the creation of affordable housing.

The primary strategies that CHAT recommended to implement these goals are:

- Create an affordable housing investment fund
- Adopt measures that reduce land costs
- Adopt measures that reduce labor and material costs
- Adopt measures that reduce infrastructure development costs
- Adopt affordable housing incentives

### **Actions planned to remove barriers**

The City intends to review the CHAT recommendations on land use and other limitations or policies that affect affordable housing supply in the City. Some of this effort will be integrated with other city planning efforts that encourage infill opportunities within the City. Other fees and charges that affect affordability will also be reviewed, including consideration of reducing impact fees for low-income housing.

### **Discussion**

The City remains committed to removing or ameliorating the negative effects of public policies that serve as barriers to affordable housing.

## ***AP-85 Other Actions – 91.220(k)***

The City will undertake, or support the efforts of other agencies, that meet the needs of low-income persons and households.

### **Actions planned to address obstacles to meeting underserved needs**

- The City will work with other funding agencies, including Whatcom County, United Way of Whatcom County and private foundations, to coordinate funding to more effectively meet the needs of the community.
- The City will seek opportunities to increase funding available for affordable housing.
- The City will work to inform lenders and households regarding Fair Housing laws, and in particular, to encourage greater participation by minorities and ethnic groups disproportionately represented in homeownership.

### **Actions planned to foster and maintain affordable housing**

- Most of the city's affordable housing inventory is owned and managed by non-profit housing providers. There is very little risk that projects will be lost from the affordable housing inventory. Regardless, the City will work with these providers when time comes to renew tax credits to ensure continued viability of the housing.
- The City will work with owners of private multifamily rental units to identify obstacles and opportunities for City assistance in rehabilitation of the multifamily units. This will address the aging housing stock that is in need of preservation.

### **Actions planned to reduce lead-based paint hazards**

- All housing rehabilitation efforts on homes that were built before 1978 will include lead-based paint hazard evaluations. All hazards will be addressed, either through abatement or interim controls to minimize the hazards.
- The City will continue to provide educational information about the hazards of lead-based paint. Information is available on the City's web site, and a class targeted to parents of young children will be provided at an elementary school.

### **Actions planned to reduce the number of poverty-level families**

- The City will support the efforts of non-profit agencies that are working to reduce the number of poverty-level families. These efforts include the Whatcom Prosperity Project and the Asset Building Coalition sponsored by the Opportunity Council, the Prosperity Initiative of the Whatcom Community Foundation, and the work of United Way of Whatcom County.
- The City will support the efforts of other public agencies that work to reduce the number of people in poverty. Whatcom County and Washington State's WorkFirst Program work towards this end, as well as WorkSource.

### **Actions planned to develop institutional structure**

- The City will work with public and nonprofit funding agencies to identify ways to coordinate and improve the effectiveness of the institutional system of funding housing and low-income community development needs in the community.
- The City will continue to work with all housing and human service agencies to coordinate and improve communications. The Community Development Advisory Board will be one mechanism for hearing other program and institutional issues, and addressing ways to improve the system in Bellingham.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

- Continue to support the efforts of the Homeless Steering Committee which coordinates the actions of housing and social service agencies in the community.

## Discussion

Voters in the City of Bellingham approved a Low-income Housing Levy in 2012. This levy will provide \$21 million over seven years. The City began implementation of this levy in 2013, using the needs and priorities identified in the Consolidated Plan as a baseline for this program. As a result of this levy passage, significant attention will be paid to addressing obstacles, affordable housing supply, institutional structure and coordination.

## Program Specific Requirements

### ***AP-90 Program Specific Requirements – 91.220(I)(1,2,4)***

The 2015 Action Plan continues proven programs that the City has implemented for many years, including rehabilitation of homeowner units, homebuyer assistance, public (human) services, tenant-based rental assistance and housing development.

## **HOME Investment Partnership Program (HOME) - Reference 24 CFR 91.220(l)(2)**

- 1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:**

No other forms of investment are used beyond those identified in Section 92.205.

- 2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:**

The City of Bellingham has selected the resale and recapture provisions that comply with HOME statutory and regulatory requirements. These policies are selected based on program, and not on a case-by-case basis. The City's Resale and Recapture policies are included by reference, and available upon request.

- 3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:**

The City has a monitoring policy and procedure to ensure affordability of units acquired with HOME funds. Annual notices are provided to HOME-funded properties regarding new income determinations, HOME rents and utility allowances. Annual income certifications are received from the properties, a desk review is completed, and on-site inspection is completed based on a risk-assessment schedule and HOME rules for monitoring.

- 4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:**

HOME funds are not proposed to assist in the refinancing of existing debt secured by multifamily housing that is rehabilitated with HOME funds.
