I 100% support of going forward toward Fairhaven Becoming a Urban Village with Guidelines much like The three existing Urban Village Comprehensive plans.

**Subject:** Fairhaven Neighborhood Plan

Hello -

Thank you for attending the Fairhaven Neighborhood Plan listening sessions or requesting to be informed of the planning effort. The sessions were well-attended, and we have received several comments regarding the content of the City staff "Blue-line" version of the original plan submittal, posted on the project website at:

<http://www.cob.org/services/neighborhoods/community-planning/neighborhoodplanning/npas/2008/2008-n1-fairhaven.aspx>.

Any comments received will be posted to the project website as soon as possible. Please continue to submit your comments to me on the "Blue-line" version through the end of the year. At that point, staff will work to consolidate those comments into the draft and produce another version around the middle of February. The goal will be to do refine a draft plan that will be ready to be processed through the Planning Commission and City Council legislative review in 2011.

More work is ahead, and I look forward to working with you on this project. Feel free to contact me with any questions.
