Nicole,

Thank you and the Planning department for the extensive effort in creating the Urban Village Plan,

My wife and I moved here several years ago from Texas. We used to live in Seattle but found it to be too large. We liked that Fairhaven wasn't massive - it was a nice size. We, like so many of our neighbors, have had many visitors from out of state come visit. These visitors enjoy themselves and they leave an economic benefit to the community behind.

I am fearful that by allowing significantly larger buildings to be built that we will shooting ourselves in the foot. We won't be getting as many visitors - visitors that allow the economic welfare of the neighborhood to grow. I would be much less likely to invite friends and relatives to an area that I don't think that I am going to enjoy.

thanks

Walt Kochan
