

City Council Agenda Bill

20295

Bill Number

Subject: An Ordinance amending the 2014 budget recognizing \$650,000.00 additional grant revenue in the Street Fund for the James/Woodstock Intersection Improvement Project

Summary Statement: This project will improve the James/Woodstock intersection to full arterial street standards and is part of the James Street Phase I project that was broken out separately due to the need to relocate Squaticum Creek prior to construction. These funds were contingent upon the W. Illinois Extension Project closing with at least \$650,000 of Surface Transportation Program funds remaining unused and the funds were de-obligated by FHWA. That requirement has been met and the funds are now transferred to the James Street project.

Previous Council Action: 2014 Six-Year TIP

Fiscal Impact: 13.5% local match, Street Funds

Funding Source: STPR / WSDOT Federal Grant Appropriation

re: Surface Transportation Program (Regional)

Dear Mr. Routhé:

I am pleased to confirm that the Whatcom Transportation Policy Board selected the following project for **additional** funding through the Surface Transportation Program on May 11, 2011:

James Street Multimodal Corridor Improvements \$ 650,000

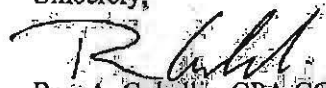

These funds were contingent upon the W. Illinois St. Extension project closing with at least \$650,000 of Surface Transportation Program funds remaining unused. That requirement was been met and the funds are now transferred to the James Street project. These funds are in addition to the \$1.2 million awarded to the project on July 14, 2010.

To obligate funding for this project, please refer to your WSDOT Local Agency Guidelines (LAG) manual. Expenditures incurred before receiving notice from WSDOT of federal fund obligation are ineligible for reimbursement. A 13.5% local match is required.

Projects utilizing federal funds must be included in the Statewide Transportation Improvement Program (STIP). We will add this funding to the WCOG 2012 TIP and ask WSDOT to include it in the 2012-STIP.

Please give me a call if you have any questions regarding these dates and processes.

Sincerely,

Ron A. Cubellis, CPA CGFM
Finance Manager
