NOTICE OF PUBLIC MEETING

You are invited to attend a meeting being held by AVT Consulting, LLC on Zoom on Wednesday, August 11th at 6:00 p.m. to introduce the following proposed project:

The proposed project is located at 4168 Aldrich Rd in Bellingham. The project is the demolition of the existing single-family residence and construction of one 3-story 14-unit multifamily apartment oriented to Aldrich Road. Open and carport surface parking will be located behind the building on-site, as well as improved common recreational facilities, landscaping and other amenities.

We are holding this meeting to tell you about the proposal and invite your comments and questions. As required by the City of Bellingham, it is being conducted before we apply for land use permits, including a Design Review Permit. We can be reached by contacting Jack Bloss at jack@avtplanning.com if you have any questions regarding the meeting. At the meeting we will be presenting information on the proposal, including preliminary site and building plans, and we will field questions, so please join to learn more about the project. The City will also have a representative at the meeting to answer City-related questions. We look forward to talking with you on August 11th at 6:00 p.m.

**Please note, this meeting will be held online on a platform called Zoom. Please see the instructions and additional information included with this notice. Please register in advance of the meeting by copying and pasting this link into your browser: https://bit.ly/3y0KEAb

An electronic copy of the plan set can be found at: https://bit.ly/3BQHjGk
**If you can't download the plans for viewing or printing, please contact us at least 4 days in advance of the meeting and we can print and mail the plans to you.

ABOUT THESE INSTRUCTIONS:

This online public meeting will take place using an internet meeting service called Zoom. You do not have to pay or subscribe to join this meeting. All you have to do is follow the steps above. These instructions work for most but not all technologies. Find more instructions on Zoom's website at:

https://support.zoom.us/hc/en-us/articles/201362193-How-Do-I-Join-A-Meeting-

WHAT TO KNOW BEFORE JOINING THE MEETING:

- You have the ability to provide comments and ask questions during the Q&A portion of the hearing. Attendees who wish to speak can "raise their hand" electronically by dialing *9 on a dial up phone or by clicking "raise your hand" next to your name if connected by video. When it is your turn to speak your microphone will be unmuted and we will call on you for your name and comment.
- Your ability to see and/or hear the meeting depends on the device and method you use to join the meeting, as well as your ability to access the internet, and the quality of your connection.
- These instructions are intended for information purposes and are not exhaustive. If you have any further questions, please email Jack at jack@avtplanning.com.

COMMON PROBLEMS:

Incompatible technology is the most common problem. Some computers, smart phones, and browsers may not work with Zoom. Your internet service may also affect your connection. If you are unable to join, the meeting will be recorded and posted online at a later date. We can also answer additional questions following the meeting.

WHAT TO EXPECT:

- If you have not used Zoom regularly, you may find that computers, audio, video, smartphones and other devices don't work the way you hope. Be patient with yourself and others.
- This will be a first-time online Zoom meeting for most people on this call. We expect to learn from this experience and improve as we go.
- Please be civil and courteous when engaging with others online. These meetings are recorded by video and audio.
